LK. 023 IDN SINCE 2000, and is able to calibrate measuring tools, in scope of Force, Mass, Tension, Temperature, Dimension volume, and Electricity

JASA SANITASI DAN MANAJEMEN HAMA

Hama menjadi masalah di lingkungan perumahan, perkantoran, perhotelan, restoran bahkan objek-objek wisata, pesawat, kapal, bus, kereta api, industri pertambangan, pabrik dan lain-lain. Pelayanan sanitasi SUCOFINDO yang terprogram melalui penyemprotan beresidu untuk serangga yang merayap (indoor & outdoor), pengasapan untuk serangga terbang (outdoor), system pengumpanan (pellet, lem, gel, dll) atau fumigasi, memungkinkan kondisi bebas gangguan hama dalam periode waktu yang lama.

SANITATION AND PEST MANAGEMENT SERVICES

Pests can be a big problem in our environment, our housing, our offices, hotels, restaurant, mining industries, factories, or even tourism objects such as commercial aircraft, ships, buses, or trains. Sanitation services of SUCOFINDO are systematically programmed through residual spraying for crawling insects (indoor & outdoor), fogging for flying insects (outdoor), using a baiting system (pellet, glue, gel, etc) or fumigation which may make each situation free of pest infestation for a long period.

SISTEM MANAJEMEN PENGAMANAN

Sebagai upaya penterjemahan dari UU No. 2 Tahun 2002 mengenai kepolisian negara pasal 3, 14, 15, dan 36 serta perlunya intermediasi data, pelaporan, dan aspek teknis lainnya bagi perusahaan, masyarakat dan POLRI. Maka SUCOFINDO hadir sebagai pelopor dalam jasa Sistem Manajemen Pengamanan untuk memenuhi kebutuhan jaminan keamanan bagi komunitas bisnis dan masyarakat umum dengan memberikan kelengkapan data tentang kondisi keamanan yang dapat menjadi referensi nasional (national profile on risk fact or level) dan acuan system manajemen pengamanan industri dan pelayanan public. Dunia usaha membutuhkan aspek pengamanan guna menjamin keberlangsungan usaha, meningkatkan produktifitas, mencegah kerugian, membangun reputasi dan pencitraan perusahaan (corporate image), serta keunggulan daya saing.

MANAGEMENT SECURITY SYSTEM

As the interpretation of Law No. 2 Year 2002 concerning the national police, article 3, 14, 15, and 36 and the requirement of data intermediation, reporting, and other technical aspects for the company, community and POLRI, then SUCOFINDO is present as the pioneer in a Security Management System service to satisfy security warranty for business community and public by presenting range of data regarding security condition as national references (national profile on risk fact or level) and industry security management system and public service references. Business cycle requires security aspect to guarantee business survival, increase productivity, prevent from loss, build reputation and corporate image and competitive power superiority as well.
